Program Overview

Master's degree program – Master in Laws is a program offered by the **Faculty of Law, Comenius University in Bratislava**. As one of the few Faculties of Law in the Central and Eastern Europe, it offers a complete two-year program in English. Unlike other Faculties of Law in the region our program is neither only certified postgraduate program or life-long education, nor Master degree program in the non-legal field of study e.g. legal specifics. **The graduate of the program will acquire a full Master degree in Laws that allows him to enrol to any of the professional chambers in Slovakia or to practice any of the legal professions.**

The philosophy of the Master's degree program – Master in Law is to offer our students a broad platform on which to design their own course of study within parameters set by the Faculty of Law, Comenius University in Bratislava. The Master's degree program pursues innovation of legal education in accordance with foreign, mainly Western European models. It was implemented as a result of the project Foreign Language Master Degree Program "Law of European Integration and Globalization", which was co-financed by the European Union through the European Social Fund within the operational programme Education.

In addition to the introduction of a considerable number of **new courses** that have been already taught for more than three years and modernization of current teaching methods, the program lays emphasis on gaining **practical skills through clinical education and moot courts**.

Studying in Slovakia

Slovakia is a country which can offer boundless opportunities when it comes to culture, and entertainment. In winter our mountains offer good quality ski resorts with well-prepared downhill slopes and cross-country trails opened usually from November to the end of April. In summer you can choose between cycling, rafting, trekking, hiking, horse riding, etc. During the whole year you can swim in the thermal swimming pools almost everywhere in Slovakia!

Why to study in Bratislava?

Thanks to its central position in Europe, Bratislava has always been a crossroad of cultures (Vienna-Budapest-Bratislava). Museums and galleries exhibit this heritage. They are the key to understanding the culture, the fascinating history of the nation as well as the natural landscape.

Due to its proximity to Vienna, there are also several possibilities to experience the day-to-day life of international organizations as the UN or OSCE. Moreover,

There are numerous theatres, opera and ballet companies, chamber orchestras and symphony orchestras which represent the national cultural heritage. It is right here, in the country of musicians and painters, where Andy Warhol has his origins.

How to get to Bratislava?

To reach Bratislava by plane, students can fly to M.R. Stefanik Bratislava International Airport which is situated only half an hour drive by bus from the centre of the town.

Another very convenient option is the Vienna International Airport, which is located only 50km from Bratislava. You can take a shuttle bus line to Bratislava from there.

Vážené dámy a vážení páni,

dovoľujeme si Vás informovať, že Právnická fakulta Univerzity Komenského ako jedna z mála právnických fakúlt pôsobiacich v regióne strednej a východnej Európy otvára v akademickom roku 2017/2018 nový magisterský študijný program v anglickom jazyku. Nový magisterský program bude dvojročný a bude zameraný predovšetkým **na právo Európskej únie a medzinárodné právo. Nakoľko bude program prebiehať v anglickom jazyku, bude otvorený aj zahraničným študentom.**

Nový magisterský študijný program je výsledkom úspešného projektu Právnickej fakulty Univerzity Komenského „Law of European Integration and Globalization (LEIG)“ podporeného Európskym sociálnym fondom, ktorý sledoval inováciu právnického vzdelávania na Právnickej fakulte Univerzity Komenského a prebiehal v anglickom jazyku. LEIG zaviedol množstvo anglicky vyučovaných predmetov zameraných na právo Európskej únie a medzinárodné právo a bol prípravou na vytvorenie nového magisterského študijného programu v anglickom jazyku.

Na rozdiel od iných programov, nový magisterský študijný program nie je postgraduálnym študijným programom alebo ďalším vzdelávaním, ani súčasťou celoživotného vzdelávania a ani magisterským programom v neprávnickom odbore (ako napríklad právne špecifikácie), ale predstavuje študijný program v odbore právo. **Absolvent nového magisterského študijného programu získa magisterský titul v odbore právo, ktorý ho bude oprávňovať na členstvo v príslušných profesijných stavovských komorách a na výkon klasických právnických povolaní.**

Nový študijný magisterský program je určený aj pre zahraničných študentov, ktorí získali bakalársky titul v odbore právo, alebo ekvivalentný titul v programe s podstatnou výučbou práva, pričom pojem právo je obsiahnutý v označení daného programu. Nový študijný magisterský program bude ponúkať široké spektrum predmetov, z ktorých bude mať študent si možnosť vybrať podľa svojich individuálnych záujmov v súlade s programovou štruktúrou. Študenti sa budú môcť v rámci štúdia zamerať na právo medzinárodného obchodu alebo na právo medzinárodných organizácií.

Bližšie informácie a popis programu nájdete v priloženom informačnom dokumente, ako aj na internetovej stránke Právnickej fakulty Univerzity Komenského v Bratislave <https://www.flaw.uniba.sk/en/study/masters-degree-programme-in-english>, ktorá je priebežne aktualizovaná.

Pravda

Dovoľujeme si Vás týmto poprosiť o súčinnosť pri šírení týchto informácií o novom magisterskom študijnom programe na Právnickej fakulte Univerzity Komenského v Bratislave. Sme Vám k dispozícii prostredníctvom nižšie uvedených kontaktných údajov pre doplnenie a spresnenie potrebných informácií, ako aj na stretnutie s osobným predstavením nového študijného magisterského programu.
